A "Welcome" screen will appear when the Chromebook boots for the first time. Select your language settings Use the drop-down list "Select your language" to choose your default language settings. If there is more than one way of typing in your language, you may be asked to select a keyboard input method as well. Connect to a network Select a wireless network from the "Select a network" list to connect to the Internet. If access to the network is protected, you will need an access password to connect to it. Accept the Terms of Service Once connected to a network, accept the Terms of Service. Your Chromebook will download any available system updates, so you'll automatically get the latest Chrome OS features. Sign in for the first time Create a new Google Account You can create a new Google Account if you don't already have one. Select Create a Google Account to set up a new account. A Google Account gives you access to useful web services developed by Google, such as Gmail, Google Drive and Google Calendar. Getting Started â 5 Browse as a Guest You can also use the Chromebook without a Google Account by selecting Browse as a Guest. Sign in to your Google Account If you already have a Google Account, enter your username and password in the login box that will and select the Start session button. Important Sign in with your main Google account. This account will be set as the owner and is the only account that will be able to change certain Chrome settings. 6 â Su Su Chromebook Tour YOUR ACER CHROMEBOOK TOUR Now that you have finished setting it up, let us show you around your new Acer Chromebook. Front view 1 2 3 4 â microphone â internal microphone for sound recordingâ Webcam for the communication of â Webcam video. A light next to the webcam indicates that the webcam is active. Touchscreen Displays the computer output, supports multi-touch input. Your Acer Chromebook tour â 7 â # Icon Artââ â n Power Indicates the status of the computer power indicator. Indicates the status of the computer's battery 4. Baterââ 1. Load: The light shows the amber indicator when the battery is charging. 2. Fully loaded: The light is shown blue when in AC mode. 1 2 â # Icon Artâculo Description â n 1 Keyboard To enter data into your computer. Touch-sensitive pointing device that works like a computer ratâ n. 2 Touchpad / click Pressing down anywhere on the pad works like the left botâ â n of a ratâ â n of a botâ â n. Pressing down anywhere with two fingers works like the right botâ â n of a ratâ â n. â 8 â Your Acer Chromebook tour Function keys â n The computer uses function keys â n or key combinations to access some hardware and software controls, such as screen brightness and volume. Each of the dedicated function keys â n has a specific function â n. Icon Funciâ â n Description â n Previous Go to previous page. Next Go to the next page. Reload Reload the current page. Full screen Open the page in full screen mode. Next window Switch to the next window. Brightness down Decreases the brightness of the screen. Brightness Up Increases the brightness of the screen. Mute Turn off the audio output. Volume up Increases the volume. Touchpad The built-in touchpad is a pointing device that detects movement on its surface. This means that the responds as you move your fingers across the surface of the touchpad. Action gestureâ n Click anywhere on the touchpad. Hit the touchpad with two fingers or tap Two fingers tap (or (and hold) Alt on the keyboard and press the botâ â n botâ â n The tactile panel with a finger is equal to a "right click" in a computer mouse. Place two fingers on the tycile panel and move two fingers by sliding them up and down to move vertically. to the left and to the right to move horizontally. Your Acer Chromebook Tour - 9 Acción gesture Select the article you want to move with a finger. Drag and release with a second finger. move the element. Release both fingers to release the article. (This gesture works for files, no windows or icons.) Left side view 1 2 3 4 5 â # Icon element description 1 dc-in Jack connects to a ca adapter. 2 The HDMI port admits high definition digital video connections. It connects to USB devices. 3 USB port If a port is black, it is compatible with USB 2.0, if it is blue, it is also compatible with USB 3.0. Accept safe digital cards (sdâ â â â â 2â â). 4 sdâ â â â â 2â â Zâ â card reader Note: Press to delete/install the card. The card reader uses one card at a time. 5 speaker offers audio output estâ © reo. Right side view 1 2 3 4 5 â # DESCRIPTION ARTICCO icon 1 speaker offers audio output estâ © reo. 10 - Your Acer Chromebook Tour â # icon description The ignition boton turns on and off the computer. The headphones/speaker connects to the audio devices connector (for example, speakers, headphones) or a microphone headset. It connects to USB devices. USB port If a port is black, it is compatible with USB 2.0, if it is blue, it is also compatible with USB 3.0. It connects to a informal security block compatible with Kensington-Kensington block. Slot note: Wrap the computer safety lock cable around an immovable object, such as a table or handle of a blocked box. Insert the block block and turn the key to secure the lock. Some keyless models are also available. available.
